Dear Karen and Phil

Key Solar is endeavouring to update our website with honest testimonials from customers. We would appreciate it if you could take a minute to write a few words about your experience with Key Solar.

An overall professional and knowledgeable service. Installer, Jeff has excellent technical knowledge giving us the confidence and satisfaction of a good product at a reasonable price. Everything is looked after from start to finish as far as installation and change of metering by electricity provider. Karen and I would thoroughly recommend his services. We are looking forward to lower power bills from here on.
