Dear Paul

Thank you for choosing Key Solar to install your solar system. We're endeavouring to update our website with honest testimonials from our customers and would appreciate it if you could take a minute to write a few words about your experience with us.

Very happy with the service povided, everything explained throughily even though were not very technically minded. Great to deal with an
everything explained throughily even
though were not very technically
minded. Great to deal with an
electrician who knows his business
instead of a salesman. We got
hooked up to the grid on the 5th June
so we will let you know the results
in 3 months. Could non please come
in 3 months. Could you please come around and install Lep lites in
our kitchen when it is convenient.
Thank you.
